THE COUNCIL FOR TOBACCO RESEARCH–U.S.A., INC.

January 7, 1974

Grant Application No. 951

CANCER

To: The committee comprising Drs. ~~Andervont~~ Gardner, Huebner and Jacobson

Subject: Hans Meier, D.V.M., The Jackson Laboratory, Bar Harbor
New application No. 951
"Transplacental effects of Nitrosocompounds in Inbred Strains of Mice and Rabbits"

History

In a letter dated 18 December 1973 Dr. Meier indicates that the enclosed proposal is, at least in part, an outgrowth of his ongoing study "Oncogenesis in the rabbit . . ." supported by CTR grant 758BR1 (Dr. Meier is currently requesting a renewal of this grant).

Request

Application No. 951 requests $25,461 plus two additional years.

Document Submitted

Attached is an application dated 1 January 1974, including CV's of the three investigators (16 pages).

Comment

We may seek evaluation of Dr. Meier's new proposal by an outside consultant.
